Our three-part Water Wednesdays series took place in October 2016 and featured local experts talking local water: from algae blooms to zebra mussels and everything in between.

Special thanks to our series sponsor, Desjardins Financial Security Investments Inc., to our guests – and of course, to everyone who joined us in Assiniboine Park for these lively conversations.

This video shows highlights from our Oct. 5 event, Frankly, Lake Winnipeg, no one gives a damn: Public perceptions and why they matter, with:

- Richard Cloutier, Broadcaster, 680 CJOB/Global News
- Mary Agnes Welch, Research Associate, Probe Research, former Winnipeg Free Press policy reporter
