Summer 2022 Student Job Opportunity

LWF is hiring a summer student term position to support community-based monitoring activities!

The Field and Data Technician will be responsible for supporting the field and data management activities of the Lake Winnipeg Community-Based Monitoring Network.

This placement will be primarily located remotely and in our Winnipeg office, with some field work in rural Manitoba. Appropriate health and safety precautions will be taken at all times.

Read the full job description here:

- Field and Data Technician

If you’re passionate about the environment, and love playing around with data, apply to join our team and help us restore and protect the health of our great lake!

We encourage candidates with diverse backgrounds and perspectives to apply.

Applicants interested in this position should send their resume and cover letter by email to chelsea@lakewinnipegfoundation.org (Subject: Field and Data Technician).

Applications are due by end of day, Wednesday, March 16 2022. Please note, only candidates to be interviewed will be contacted. Thank you for your interest.
