## Dunnottar Water Awareness Day

On Saturday, July 25, the [Village of Dunnottar](#) in partnership with the [East Interlake Conservation District](#) and [Community Futures East Interlake](#), will be hosting a water awareness day.

LWF is proud to be a sponsor of this event, which will feature displays and demonstrations, fun activities for kids – and special guest keynote speaker, Canadian water advocate [Maude Barlow](#)! (In addition to being the keynote speaker, Maude will be taking part in our Dunnottar [Walk for Water](#) the following day, July 26.)

Head down to the Matlock Recreation Centre from 10 a.m. to 5 p.m. We'll be there all day with educational materials and beautiful fundraising products – and we'd love to meet you!

Check out Dunnottar Water Awareness Day's [Facebook page](#) for updated information as it becomes available. For further reading, [here](#) is a great article about the event from the Interlake Enterprise.
