We're proud to once again offer our support to the [Gimli Film Festival](#) by sponsoring the 2015 screenings of [Monsoon](#), a feature documentary from multiple award-winning Canadian filmmaker Sturla Gunnarsson.

Part road movie, part drama, *Monsoon* introduces viewers to the beautiful/terrible spectacle that is the monsoon, a vast weather system that permeates and unifies the varied culture of India. Presented in a historic lakeside community on the shores of Lake Winnipeg, this film offers festival-goers the perfect opportunity to reflect on local freshwater issues.

The first of two screenings takes place on Saturday, July 25 at 12:30 p.m. at the Gimli Theatre.
