Geographies of
WATER**

**Wednesday, November 19
12:30 - 1:30 pm
Eckhardt-Gramatté Hall
(3rd Floor, Centennial Hall, UWinnipeg)**

**LAKE WINNIPEG
CHALLENGES AND SOLUTIONS**

This presentation will provide an introduction to the root causes of the current health challenges facing Lake Winnipeg, background information on the Lake Winnipeg Foundation and its work, and an overview of the Lake Winnipeg Health Plan, LWF's science-based action plan to restore and protect Manitoba's great lake. All lake-lovers are welcome to attend.

**Introductory remarks by Dr. Annette Trimbee,
UW President and Vice-Chancellor**

Sponsors:
President's Office
Department of Geography

Pre-lecture refreshments at 12:15

Marlo Campbell
Lake Winnipeg Foundation

Marlo Campbell is communications director and currently co-interim executive director of the Lake Winnipeg Foundation. She brings over 15 years of professional journalism experience to LWF, having previously written news articles and opinion columns for Uptown Magazine, the Winnipeg Free Press and several other local newspapers. Marlo grew up spending summers at her family's cabin on a small lake in Manitoba's Delta. In the late '90s, she was introduced to Grand Beach and cabin life on the west shore of Lake Winnipeg. She continues to visit both lakes every year.
