

LAKE  
WINNIPEG  
FOUNDATION

## Lake Winnipeg East Beaches UNITE!

**Update:** Thanks so much to everyone who joined us at this event! We've since been asked to share the advocacy letter templates we had brought with us. [Here is the example of a letter you can send to your MLA](#) or to a candidate running in the upcoming provincial election. [Here is the example of a letter you can send to your Winnipeg city councillor](#). Remember: keep it short, personalize your message and ask for a response.

Join us in Grand Marais on July 6 to learn more about the challenges facing Lake Winnipeg and the boreal forest that surrounds it – and what we can do as individuals and communities to protect and preserve these important natural spaces.

Hosted by the [Hillside Beach Community Association](#) in collaboration with other east beach community associations, this [morning information session](#) features presentations by Alexis Kanu, LWF executive director, Marlo Campbell, LWF communication director, and Ron Thiessen, executive director of the [Canadian Parks and Wilderness Society, Manitoba Chapter](#).

**When:** Saturday, July 6, 10 a.m. to 12 p.m.

**Where:** Grand Marais Recreation Centre, 91 Matilda Ave, Grand Marais

Admission is free. We hope to see you there!
