We're thrilled to welcome local country rocker [Leanne Pearson](#) to our 2015 Dunnottar Walk for Water event, taking place on Sunday, July 26.

Pearson is quickly making a name for herself; her catchy 2013 single, *Get Outta My Heart*, hit Top 48 on the Canadian country music charts, and her follow-up single, *The Only Thing*, hit Top 90. Leanne has headlined countless shows across Manitoba and opened for many heavy hitters. She was a part of Dauphin's 2014 Countryfest lineup and recently returned as a part of the 2015 lineup. Her current single, *Worth Fighting For*, was released in January and is being played on radio stations across the country.

In addition to taking part in our 5-km walk, this talented local artist will be treating Dunnottar lake-lovers to a short acoustic set - and one lucky walker will also win a poster and a signed copy of her latest CD!

We know Leanne inspires people through her music, and we're sure her willingness to 'walk the walk' for Lake Winnipeg will likewise inspire others to join us as we work to protect our shared waters.
