The results are in!

After a summer filled with great submissions and some very difficult deliberations by our judges at Photo Central, we're proud to announce the 12 winners of our #lovetheboreal photo contest!

Don't forget to check out all the amazing entries at lovetheboreal.ca. (We're partial to the beautiful lake shots...)

Thanks again to everyone who entered and shared the beauty of Manitoba's boreal forest - and a big congratulations to the winners!
