LWF is hiring one co-op student term position this winter to support the Lake Winnipeg Community-Based Monitoring Network!

The Field and Data Technician will be responsible for supporting the field and data management activities of the Lake Winnipeg Community-Based Monitoring Network.

This placement will be primarily held in the office, with some field work in rural Manitoba. Appropriate health and safety precautions will be taken at all times.

Full job description is below:

- [Field and Data Technician](#)

If you're passionate about the environment and love working with people, apply to join our team and help us restore and protect the health of our great lake!

Applicants interested in this position should send their resume and cover letter by email to chelsea@lakewinnipegfoundaiton.org (Subject: Field and Data Technician).

Applications are due by end of day, Thursday, November 25, 2021. Please note, only candidates to be interviewed will be contacted. Thank you for your interest.
