At LWF, the success of our work is dependent on the support of lake-lovers who share our vision of a clean, healthy Lake Winnipeg now and for future generations. We are committed to improving our communication with current members and growing our capacity as an organization.

To get to know you better, we have created a short online survey for our members, and for those who support us in other ways. By filling it in, you will be helping us shape our future efforts. Please note all information is kept confidential and will not be shared outside of LWF.

As a special thank-you, we're offering participants who respond by Friday, Nov. 7, 2014, the chance to win an iPad mini!
