

**LAKE
WINNIPEG
FOUNDATION**

Become a Sponsor

LWF was founded by lake-loving Manitobans who shared a common concern and a common vision – and who wanted to make a difference.

Our corporate partners are a lot like our members. They know that leadership starts at home. They've succeeded in building something from the ground up – but they'll never forget their roots. They're connected to their customers and are an important part their local community, now and for future generations.

Our partners understand that achieving a goal takes passion, dedication and perseverance. And, like us, they're not afraid of hard work.

Getting involved with LWF as a corporate sponsor provides an opportunity to reach hundreds of Manitobans and align your company with a positive movement for meaningful change.
