Dear Minister Naylor,

I am honored that you have agreed to serve Manitobans as the Minister of Transportation and Infrastructure and as Minister of Consumer Protection and Government Services.

Our government is a listening government. As a Minister, I expect you to respect the excellence and expert advice of the public service and to work with them on our shared mission to serve the people of Manitoba.

Manitobans told us it was time for change. We have promised to deliver a government that builds a shared future for our province. Our platform offered an ambitious and responsible plan to make health care better, lower costs, and grow the economy with good jobs and a balanced budget. Manitobans expect us to fulfill our commitments, and it is my expectation that you deliver on the commitments that pertain to your Ministry. Delivering on our core election commitments within a balanced budget is critical to fulfilling the mandate Manitobans have given us.

As the Minister of Transportation and Infrastructure and Minister of Consumer Protection and Government Services, it is your goal to deliver on the projects we have committed to and maintain capital investment in accordance with our commitment to deliver a balanced budget in the first term. In particular, I ask that you work with your Cabinet colleagues and through legislative, regulatory and department processes to deliver on these immediate priorities:

- Build the infrastructure we need to grow our economy.
- Establish a blue-ribbon panel of local leaders and municipal officials to advise the government on infrastructure priorities.
- Clear the backlog at Vital Statistics by hiring more Manitobans into good family-supporting jobs.
- Support the modernization of government services with new digital technology.

Additionally I ask that you work with your Cabinet colleagues and through legislative, regulatory and department processes to deliver on our other key commitments:

- Reverse the cuts to roads and maintenance and invest in snow clearing, gravel roads, ditches, bridges and culverts to keep families safe, protect communities from flooding and create good Manitoba jobs.
- Work with other levels of government to get the upgrades to the North End Water Pollution Control Centre done with good Manitoba jobs created along the way.

- Work with the department of Economic Development, Investment, Trade and Natural Resources to pursue initiatives to develop Churchill and Centreport as transportation and supply chain hubs.
- Bring in new P3 accountability legislation.
- Build a new airport at Wasagamack First Nation as part of our northern airport strategy.
- Improve digital security for Manitobans and the Manitoba government.

In addition to these priorities, I also expect that you uphold your role with integrity, professionalism and a commitment to accountability. That includes working closely with your Deputy Minister and your senior officials to ensure all decisions are made in the public interest. Just like any high-performing organization, our government will set metrics and measurable goals, listen to evidence and frontline workers, regularly assess our work and report on our progress in order to deliver on the results Manitobans deserve.

The road ahead will have challenges. Change does not come easily. But we owe it to the people of this great province to deliver on our commitments. I know you are as committed as I am to working hard every day to deliver for the people of Manitoba. Our Cabinet will reflect the values all Manitobans share of honesty, hard work, pragmatism and kindness.

Manitobans can accomplish amazing things when we stand together as one province. I firmly believe there is no challenge that we cannot meet when we are united as one Manitoba.

I know I can count on you to fulfill these important responsibilities. As Premier I promise to support you as a Minister, consult with you as a Manitoban and lean on you as a friend. Together, we will work to honour the trust Manitobans have given us.

Miigwech, Merci, Thank you,

Premier of Manitoba
